

**Job Description:**

**Available Position:** Exploration Geologist

**Duration:** 6-8 Months

**Location:** Goldboro, NS

**Reporting to:** Project Geologist

**Closing Date:** June 11, 2021

**Salary:** 70,000-100,000/year

We are looking for a dynamic individual to join the Anaconda Exploration Team on upcoming diamond and geotechnical drill programs on the advanced Goldboro Gold Project in Goldboro, NS. The successful candidate will be passionate, driven by discovery, work well with others, and have an energetic can-do attitude. Additionally, they will be able to have flexibility in working a set rotational schedule.

**Values**

Anaconda and the Exploration Team values Safety, Integrity, Reliability, Resourcefulness, Responsibility and Respect. The candidate has demonstrated these values in their daily work. These values are considered of equal or greater weight with technical abilities when assessing work success.

**Duties:**

1. Maintain a strong commitment to safety and promote a culture of safety in all exploration activities;
2. Logging drill core, and marking out sample selections, lift and carry core boxes up to 50 lbs over short (<50m) distances;
3. Provide quality geological data, manage core sample shipments, and manage and maintain QAQC geological data collection and sampling protocol;
4. Spotting drill locations and drill line-ups and shutdowns
5. Produce daily quick logs and bi-weekly reports to team;
6. Monitoring drill site environmental and safety in accordance with government regulated industry standards;
7. Work with the Exploration Team and other staff to maintain good will with host communities
8. Promote good will, mutual respect and a positive working environment for all team members and the greater Exploration Team.

**Qualifications**

- Strong written and verbal communication skills;
- Demonstrated ability to work in a team environment towards a common goal;
- Ability to live with other team members in a house setting and to maintain amiable relationships with other team members;
- Minimum of a Bachelor of Science degree in Earth Science;
- 2+ years experience in logging, sampling, managing and maintaining QAQC protocols on diamond drill programs;
- Knowledge and experience of 43-101 regulations and their application to Mineral Projects;
- Ability to travel and work a rotational work schedule;
- Extensive experience with Microsoft suite Excel, Word, Access;
- Experience with ArcGIS an asset;
- Standard First Aid an asset;
- Class 5 Driver's Licence with clean driving record.

**About Anaconda Mining Inc.**

Anaconda Mining is a TSX and OTCQX-listed gold mining, development, and exploration company, focused in the top-tier Canadian mining jurisdictions of Newfoundland and Nova Scotia. The Company is advancing the Goldboro Gold Project in Nova Scotia, a significant growth project with Measured and Indicated Mineral Resources of 1.9 million ounces (16.0 million tonnes at 3.78 g/t) and Inferred Mineral Resources of 0.8 million ounces (5.3 million tonnes at 4.68 g/t) (Please see The Goldboro Gold Project Technical Report dated March 30, 2021), which is subject to an ongoing feasibility study. Anaconda also operates mining and milling operations in the prolific Baie Verte Mining District of Newfoundland which includes the fully-permitted Pine Cove Mill, tailings facility and deep-water port, as well as ~15,000 hectares of highly prospective mineral property, including those adjacent to the past producing, high-grade Nugget Pond Mine at its Tilt Cove Gold Project.

**Safety, Integrity, Reliability**

*Anaconda Mining Inc. is an equal opportunity employer.*

*At Anaconda, we have a clear vision: to be the place where a **diverse mix of talented people want to come, to stay, and do their best work.** Diversity is more than a commitment at Anaconda—it is the foundation of what we do. We are fully focused on equality and believe deeply in diversity of race, gender, sexual orientation, religion, ethnicity, national origin, and all the other fascinating characteristics that make us different.*
