

Financial Tearsheet

Company Overview

Neuropathix, Inc. is a biopharmaceutical medchem company focused on the research and development of a pipeline of patented socially responsible pain management therapeutics to treat patients with significant unmet medical needs. The Company's family of proprietary molecules focuses on treating oxidative stress-related diseases, chronic pain management and neurodegenerative disorders. The therapeutic targets include chemotherapy-induced peripheral neuropathy (CIPN), a chronic neuropathy caused by toxic chemotherapeutic agents; hepatic encephalopathy (HE), a neurotoxic brain-liver disorder caused by excessive concentrations of ammonia and ethanol in the brain; mild traumatic brain injury (mTBI), a disorder associated with single and repetitive impact injuries; and chronic traumatic encephalopathy (CTE) a disease associated with highly repetitive impact injuries in professional and amateur sports. Neuropathix conducts its research and development efforts at the Pennsylvania Biotechnology Center of Bucks County in Doylestown, PA.
